

SSNA General Meeting Minutes 10.29.23

President opening remarks:

- Open nominations for 2023 board members close on November 8th. Please submit your nominees via the SSNA website. Victoria Griggs will email out the slate of nominees for each position on November 12th to all SSNA members. Voting will take place at the general meeting on November 19th.
- OLNLC updates:
 - Phase 1 of sidewalk repairs in Central Park is underway.
 - Splashpark installation is on track for late spring/early summer opening
 - Pergola beams to be replaced in front of Visitors Center
 - Mayor has allocated additional funding for parks improvement
- We will be forming a Magnolia Park subcommittee to identify possible improvements to the park and will submit those for review to the Parks Department.
- The LMPD and Metro Council communicated that the additional installation of security cameras that were submitted by the Old Louisville neighborhood associations cannot be shared with the public. Specifically, they cannot confirm if cameras were installed nor the locations for security reasons. The LMPD confirmed that they are not even provided that information.
- A security committee formed from members of SSNA and 1300 Association are gathering data and evaluating options to improve security and decrease criminal activity in the alley between 2nd/3rd Street and Magnolia/Ormsby. This is a pilot to see what processes and actions we can put into place to help ourselves due to the shortage of LMPD officers and no responses to calls. We will share more updates in 2024.
- The Christmas party is at the Nunery's on December 10th. Please RSVP via the SSNA website.
